

PUBLIC NOTICE: 389/2023

**BITOU MUNICIPALITY (WC047)
INTERGRATED WASTE MANAGEMENT SECTION**

DATE: 2 November 2023

Temporary use of blue bags for recycling

The Bitou Municipality is currently unable to provide yellow recycling bags. Our current supplier is unable to provide these bags used for the disposal of recyclable waste.

As an interim measure, the municipality will use blue bags for recycling until yellow bags can be supplied.

Please note that the blue bags will not replace yellow recycling bags and is only an interim measure.

We thank you for your cooperation and value your patience and understanding.

Die Bitou Munisipaliteit is tans nie bymate om geel herwinningsakke te verskaf nie. Ons huidige verskaffer kan ongelukkig nie geel herwinningsakke aan die munisipaliteit verskaf nie.

As tussentydse maatreël sal die munisipaliteit blou sakke vir herwinning gebruik totdat geel sakke verskaf kan word.

Geliewe kennis te neem dat die blou sakke slegs 'n interim maatreel is en nie die geel herwinning sakke vervang nie.

Ons bedank u vir u samewerking en waardeer u geduld en begrip.

Melony Anne Paulsen
